The Southern Fire Exchange (SFE) is a fire science delivery program in the Southeast, funded by the [Joint Fire Science Program](#) in agreement with the [United States Forest Service](#), [Southern Research Station](#). With our key partners, we strive to improve access to and usefulness of southern fire science information and offer opportunities for the fire community to interact and learn from one another.

**WHAT'S NEW**
Stay informed of recent fire news, and check out fire-related employment opportunities in the Southeast

**WEBINARS & EVENTS**
Participate in webinars, workshops, field tours, and conferences

**SPOTLIGHT SERIES**
Find out about our spotlight series and the current spotlight on Fuel Treatments

**SFE PUBLICATIONS**
Access fact sheets, newsletters, presentations, and research summaries

**PRESCRIBED FIRE COUNCILS**
Connect with your local Prescribed Fire Council

**PLAN YOUR BURN**
Obtain information about burn permits, weather, and access map resources

**MODELS & TOOLS**
Access software and technologies that predict fire and smoke

**FIRE SCIENCE LIBRARIES**
Search online fire science resources to get the information you need

**EDUCATION & TRAINING**
Find information about courses and training in fire science

**CALENDAR**
Find fire-related trainings, conferences, and other events in your area

**ASK AN EXPERT & DISCUSSION FORUM**
Ask questions and share your fire interests and ideas with managers and researchers

**ABOUT SFE**
Learn about our mission, mini-grants, who we are, participation, key contacts, and JFSP Consortia
